Eric,

Sorry to bother you. Just want to make sure you have everything you need.

Attached are screen shots of the TCEQ FTP folders where we have been placing GIS data.

I will keep placing future requests for GIS data here until told otherwise:

I don't think we are using the same ftp folder

Can you send that layer directly to Janine?

The 3 zones should be in a zip folder on tceq ftp. Search for words 'online' or 'zone' in the file name. I'm a few minutes away from office. Will resend the data if you havent found it by the time i get there

This data should be on the TCEQ FTP. Was Susan able to get you access?

Temple/Carol,

Are you all including the sample sites in the geodatabase you are uploading to the FTP site? If not, can you add them?
